

## **ST3 Interventional Radiology Training Day**

Tuesday 13<sup>th</sup> December 2022- Medical Education Centre- Northern General Hospital

Dear colleague,

You are invited to the Sheffield Interventional Radiology ST3 Training day 2022, taking place from 9 AM on Tuesday 13<sup>th</sup> December 2022 at the Medical Education Centre, Northern General Hospital.

The day is aimed at ST3 Radiology trainees within the Yorkshire and Humber Deanery. This annual event gives ST3 trainees an insight into Interventional Radiology in terms of common techniques and equipment. There will be stations on ultrasound guided vascular access, closure devices, percutaneous transhepatic cholangiogram, covered and uncovered stents, endovascular aneurysm repair, IVC filter insertion and endoscopy simulators. Trainees will have hands on practice in all stations. There will be senior IR trainees and Consultants on hand as well as industry representatives.

Further details will follow in due course. You are advised to book study leave asap if you are planning to attend.

Please come and join us in what promises to be a great interventional training day. Please confirm to me via email if you are planning to attend.

Sincerely,

Dr Yousef Shahin MBBS, MD, FRCR  
ST6 Interventional Radiology Fellow  
Sheffield Teaching Hospitals
